

Press Release #356

September 29, 2009

Three Changes for I&J Fisnar Inc.

They say good things come in three's and I&J Fisnar Inc has certainly followed the rule with three major changes this autumn.

The first is a new logo launching a new direction in dispensing automation. The memorable logo has been designed to strongly enforce motion and fluid, both representing salient features for the logo's second line - ***"The Art of Dispensing."***

October 1st saw the company change its name from I&J Fisnar Inc to **"Fisnar Inc"**. Dropping "I&J" from the company presentation adds focus and strength and is a strategic element in the direction of the company.

The third event is our relocation to a new, larger and more appropriate facility in Wayne NJ. The new premises will enable integrated dispensing automated projects and assist in the logistics of supporting our global subsidiaries.

Telephone and fax remain the same but the web address has been changed to:
