

Fisnar Celebrates 25 Years

FOR IMMEDIATE RELEASE

WAYNE, NJ – February, 2011 – Fisnar®, is proud to announce its silver jubilee – culminating in 25 years of supplying dispensing solutions to a global community. Fisnar commenced operations in 1986. Headquartered in Fair Lawn NJ USA, the company quickly expanded and opened offices in Europe and Asia, designing and supplying dispensing automation and consumables to a wide variety of industries.

According to James Dornan, Managing Director responsible for Fisnar global operations, “Fisnar’s strength lays in its people and a determination to be a major influence in international dispensing equipment decisions. We quickly realized that if Fisnar were to be involved in supplying an international market, we had to be on location. This strategy has been responsible for the Fisnar Brand being instantly recognized for quality of product and customer service throughout the world.”

Today, more than ever, Fisnar continues to be energetic in its focus as a dispensing company and has a pipe line of innovative dispensing automation designs and services that will ensure the organizations growth for the next 25 years and beyond.
