

710PT-U Pinch Tube Valve

Engineered for precise control of low to medium viscosity liquids. The easy-to-use stroke control adjustment knob ensures accurate and repeatable dispense volumes.

The disposable pinch tube design allows for quick and easy servicing of the valve. Piston on/off actuation causes the pinch tube to open or close allowing material to flow through the valve.

The shot size or flow rate is determined by the degree of adjustment in releasing the closed (pinched) tube and by the valve control timer.

Features

- Disposable pinch tube and fluid lines
- Suitable for low to medium viscosity fluids
- Ideal for long pot life two component adhesives and cyanoacrylates
- Easy to use and maintain

Specifications

Item Number	710PT-U
Operating Air Pressure	60 - 75 psi
Material Delivery Pressure	100 psi max
Valve Body	Nylon
Valve Shut-Off Piston	Acetal
Valve Piston	Aluminum
Valve Cylinder Cap	Aluminum
Valve Flange Cap	Aluminum
Valve Stroke Adjustment Knob	Coated Steel
Valve Seals	NBR
Wetted Part Materials	Polyethylene
Operating Air	1/4" Swivel Elbow
Material Inlet	Luer Lock
Material Outlet	Luer Lock
Mounting Hole Detail	1/4" - 28 UNC
Weight	114 g
